

At Lion Pharmacy & Wellness Center

your needs come first. We treat our customers like family, and we promise to go above and beyond your expectations to ensure your satisfaction.

Our customer focused approach really sets us apart from the crowd. We strive to not only provide a service but to also build a relationship with those we serve.

As your trusted health advisor, we want to help you get the information you are looking for so you can make the most educated decisions about what your treatment options are and what is best for you.

EZ Med Program

Do you struggle with remembering to call in your medication refills? If so, we have great news! We can automatically sync most of your medications so that they can be picked up once a month, on the same date, every month so you don't have to remember to call them in! Ask a staff member about our EZ Med Program.

Immunization Services

Don't worry about getting preventable diseases like the flu or shingles. Get your vaccinations by walk in or appointment. We offer:

- Flu
- Shingles
- Pneumonia
- Travel Vaccinations

Get your needed immunizations before it's too late!

Medication Packaging

Are you having difficulty remembering to take your medications? Do you find it difficult to juggle numerous medications? Even the best medication in the world won't work if not taken properly, or at all. If you have trouble taking the right pills at the right time, ask us about how our medication packaging can help you.

Electro-Dermal Screening

Is stress sucking the energy out of you? Do you wonder what vitamins you need? Are you looking for a way to achieve a higher quality of sleep? If so, it's time you try the electro-dermal screening. This screening can determine where the body is in and out of balance, and recommends the appropriate homeopathic, herbal, and nutritional supplements to bring the body back into balance.

This screening will provide recommendations that can be used as a guide in helping you obtain the right health and wellness regiment to get your body back on track.

Full Body Thermography

Do you suffer from pain and inflammation? Research shows that chronic inflammation is at the root of many of the diseases that negatively affect our lives today, including cancers, heart disease, joint disease and diabetes. Thermography is the cutting edge technology for showing inflammation in the body. It is designed for men, women, and children over 6 years of age and is gentle, painless, non-toxic and non-invasive.

Make an appointment and see the benefits of a Full Body Thermography screening, and get an Electro-Dermal Screening for free, from **Lion Pharmacy & Wellness Center**.

Talk with a staff member for more information.

Durable Medical Equipment

In need of medical equipment? Look no further! We have an extensive range of the best designed, quality equipment for you:

- Dr Comfort Shoes
- Shower chairs
- Bathroom railings
- Portable bathroom seats
- Medical supplies
- Athletic support socks
- Wheelchairs
- Walkers
- Canes
- Hosiery
- Wound care
- Diabetic Supplies

Talk with one of our staff members about your medical equipment needs. Some items can be billed through Medicare!

Nutrient Depletion

Do you take medications for high cholesterol, high blood pressure, diabetes or stomach issues? Do you experience muscle aches, dry skin, leg cramps or decreased energy? If your answer is yes, you may be experiencing drug-nutrient depletion. As medications improve your health, they can also deplete several vitamin and nutrients your body needs for optimal function. Talk with one of our pharmacists or team members about how we can help!

Welcome to Medicap Pharmacy!

We invite you to come experience the
fast and friendly service you deserve.
